Refereed International and National Conferences

**Radiowave Oceanography Workshop Contributions**

This is an international 4-day workshop of 35 to 40 HF radar experts and users (mainly physicists and engineers) where the latest models and applications of the science and technology associated with the remote sensing of the oceans via HF radar, as well as required research directions, are discussed. While it is not a ‘refereed’ workshop, it is probably the single most important venue for the dissemination of research expertise in this field and input is invited from a small group of experts. Our group at Memorial University is among a minority of participants who are deeply involved with the basic and applied science underlying the technology.

**Other Conference/Workshop Contributions**
(All, but one, of the following were presentations at the local yearly Newfoundland Electrical and Computer Engineering Conference (NECEC) and appear in the Proceedings.)

**In Preparation for Submission or Submitted to International Conferences:**

**Other Publications**

* The Governor-General’s Gold Medal is a University-wide honour awarded for the highest academic standing in the doctoral program.

** The Dunsiger Award for Thesis Excellence is the highest honour of the Faculty of Engineering and Applied Science awarded for excellence in graduate studies.

GRADUATE STUDENTS SUPERVISED OR CO-SUPERVISED

POST-DOCTORAL FELLOWS SUPERVISED

NSERC UNDERGRADUATE STUDENTS SUPERVISED
