Committees

**UK Committee:**
- Alison Parker
- Ana Mijic
- Evina Katsou
- Ian Mayor-Smith
- Katherine Hyde
- Kourosh Behzadzian
- Laura Richards
- Mark Pidou
- Maryam Imani
- Reza Ahmadian
- Aziz Rahman
- Bruce Jefferson
- David Polya
- Richard Fenner
- Guangtao Fu
- Helen Bridle
- Mike Templeton
- Darren Reynolds
- Raziyeh Farmani
- Richard Fenner
- Shubha Sathyendranath
- Tom Arnot
- Jovy Boxall
- Ragab Ragab

**International Committee:**
- Ahmad Tavakoli, USA
- Boris van Breukelen, NLD
- Huma Muddasar, PAK
- Joao Paulo Leitao, CHE
- Malik Al-Wardy, OMN
- Markus Starkl, AUT
- Moazam Ali Khan, PAK
- Ricardo C. Jordán, ESP
- Tanveer A Gadi, PAK
- Adesola Ilerror, ZAF
- Ali R. Farid Hosseini, IRN
- David Taylor, CAN
- Ahmed Tawfik, EGY
- Christian Kazner, DEU
- Davi G. F. Cunha, BRA
- Gabriele Freni, ITA
- Iana Rufino, BRA
- Khoo Soon-Thiam, MYS
- Maruf Mortula, UAE
- Mohammad R. Nikoo, IRN
- Osman Eljame, JPN
- Rehan Sadiq, CAN
- Stuart Khan, AUS
- Zoran Kapelan, NLD
- Christos Makropoulos, GRC

**Organising Committee:**
- Fayyaz Memon, Co-chair
- Sarah Bell, Co-chair
- Liggy Philip
- David Butler
- Shaowei Zhang
- Absar Kazmi
- Bhanu P. Vellanki
- Albert Chen
- Seyed Sadr
- Ahmed Khalil
- Zara Visanji
- Laura Richards
- Wil Ingram
- Daisy Harley-Nyang
- Debbie Shackleton

Keynote Speakers

- **Jan Peter Van der Hoek**, TUDelft, NLD
- **Barbara Kasprzyk-Hordern**, University of Bath, UK
- **James Mihelcic**, University of South Florida, USA
- **Steve Kaye**, UKWIR, UK
- **Terry Fuller**, CIWEM, UK
- **Chris Buckley**, University of Kwazulu-Natal, ZAF
- **Miklas Scholz**, Lund University, SWE
- **Rodney Stewart**, Griffith University, AUS
- **Ian Barker**, Water Policy International Ltd, UK

About the AQUA≈360 Conference

We are delighted to invite you to join us at our international conference - "AQUA≈360: Water for All - Emerging Issues and Innovations", taking place from 1st to 3rd September 2020, at the University of Exeter, United Kingdom.

This gathering of internationally leading scientists, engineers, planners, practitioners and “rising stars” is to provide an exciting opportunity to discuss and showcase cutting edge water management research and technical, institutional, modelling, planning and community driven social and policy innovations. The event will enable cross fertilisation of new ideas for the delivery of sustainable, resilient, energy efficient and smart water management to address climate change, rapid urbanisation and water pollution and secure safe and sufficient water and sanitation for all.

We look forward to meeting you in Exeter, a city blessed with stunning natural beauty, hidden historical treasures, vibrant welcoming culture, accessible Jurassic coast and plenty to explore.

Key Dates in 2020

- 20th Jan: Call for extended abstracts opens
- 20th Jan: Call for special sessions opens
- 3rd Apr: Deadline for abstract submission
- 8th May: Notification of abstract acceptance
- 5th Jun: Deadline for early-bird registration
- 20th Jun: Deadline for call for special sessions
- 1st Jul: Preliminary conference programme
- 20th Jul: Final conference programme
- 1st Sep: Start of the conference

Themes

1. **Water Quality** (analysis, fate & consequences of conventional & emerging contaminants in surface & groundwater, urban water infrastructure water quality issues, antimicrobial resistance, remote & real time monitoring, sensors, modelling);
2. **Water Quantity** (studies on urban water consumption, demand supply balance, demand management approaches including water efficiency enablers, greywater recycling and rainwater harvesting);
3. **Water Treatment** (lab and field scale studies on innovative treatment processes, their optimisation and modelling, energy efficient/solar desalination, synthesis and application of Nano adsorbents/materials);
4. **Wastewater Treatment** (innovations into primary to tertiary treatment processes, nutrients/ energy recovery approaches, O&M optimisation, monitoring & modelling, complex models for collaborative decision-making);
5. **Water and Wastewater Infrastructure Resilience and Sustainability** (evaluation approaches, integrated water management, systems approaches, life cycle analysis, economics, policy, institutional and social aspects, transition from centralised to decentralised systems and vice versa in the developing and the developed world);
6. **Water Smart Cities and Climate Change Adaptation** (flood and drought risk quantification and management approaches); and
7. **Water for Food** (efficient irrigation, water recycling and reclamation for agricultural use, and desalination of seawater and brackish water for irrigation).

Registration

Registration will open in Feb 2020. The fees are:

<table>
<thead>
<tr>
<th></th>
<th>Early bird</th>
<th>Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full registration</td>
<td>£300</td>
<td>£450</td>
</tr>
<tr>
<td>Presenters or committee members</td>
<td>£250</td>
<td>£350</td>
</tr>
<tr>
<td>Delegates from low-income countries</td>
<td>£200</td>
<td>£300</td>
</tr>
<tr>
<td>Students from low-income countries</td>
<td>£150</td>
<td>£250</td>
</tr>
</tbody>
</table>

Daily delegate | Accompanying person
---|---
£150 | £100

The registration fees will cover attendance at the conference, lunches and refreshments, a delegate pack, welcome reception, the conference dinner, and a cultural visit or workshop.

Venue

The conference of AQUA≈360: Water for All - Emerging Issues & Innovations will be held at the University of Exeter, situated on an attractive campus close to the city centre. Technical sessions will be held in the Peter Chalk Centre, & social events will be in Reed Hall & Holland Hall, all within a five minute walk.

Accommodation

Accommodation will be available for the delegates in Holland Hall at £57 per night. This offer is limited to 49 delegates, therefore bookings will be made on a first-come, first-served basis. We also secured a number of rooms in the following hotels in Exeter: (1) Jury's Inn at two rates of £93 and £113; (2) Hotel Du Vin at rates of £121 and £146.
