## Proposed Project Title

30 Acre Commercial Land Development - East White Hills

## Description of Project

We have a requirement to design the Civil Infrastructure for a 30 Acre Commercial Land Development in the east end of St. John's on East White Hills Road. This project will include design and grades for new access, water, storm and sanitary services for the site. We can provide a survey, limited topographic information and test pit information for their consideration. We will require Development Drawings, road and services details.
